

# SITHFAB002 - Responsible Service of Alcohol

# ASMI

Responsible practices must be undertaken wherever alcohol is sold or served, including where alcohol samples are served during on-site product tastings. This unit, therefore, applies to any workplace where alcohol is sold or served, including all types of hospitality venues, packaged liquor outlets and wineries, breweries and distilleries.

The unit applies to all levels of sales personnel involved in the sale, service and promotional service of alcohol in licensed premises. Those selling or serving alcohol may include food and beverage attendants; packaged liquor sales persons selling in person, over the phone or online; winery, brewery and distillery cellar door staff; and supplier sales representatives. The unit also applies to security staff who monitor customer behaviour and to the licensee who is ultimately responsible for responsible service of alcohol (RSA) management.

The unit incorporates the knowledge requirements, under state and territory liquor licensing law, for employees engaged in the sale or service of alcohol. Certification requirements differ across states and territories. In some cases all people involved in the sale, service, promotional service and management of alcohol in licensed premises must be certified in this unit.

This unit covers the RSA skill and knowledge requirements common to all States and Territories. Some legislative requirements and knowledge will differ across borders. In some cases after completion of this unit, state and territory liquor authorities require candidates to complete a bridging course to address these specific differences.

## EMPLOYMENT PATHWAYS

This unit is required for work in a licenced venue, therefore may lead to employment in any job where alcohol is served or sold.

## EDUCATIONAL PATHWAYS

After successful completion of this course, students may have the opportunity to progress into other qualifications or programs with ASMI.

## MATERIALS REQUIRED

Students are required to have access to a computer with suitable word processing software and will require access to the internet for research purposes.

## COURSE CREDIT

Credit may be assigned for the recognition of equivalence in content and learning outcomes between different types of learning and/or qualifications.
